

5th Organic Chemistry Symposium

For Students Interested in Organic Chemistry

Wednesday, 19th of June 2024

Carl Auer von Welsbach Lecture Hall

**SAVE THE
DATE!!**

Program

15:00 **Opening and Award Ceremony** (*Prof. Nuno Maulide*)

Walther Schmid Memorial Awards (For excellent performance in Organic Chemistry during the Bachelor Study)

15:15 Presentations of the Awardees of the Walther Schmid Memorial Award

15:45 **Guest Lecture** Prof. Michael Ingleson (University of Edinburgh)

Expanding Directed Electrophilic Borylation

16:30 **Poster Session**

17:00 Bogdan Brutiú (Maulide Group)

Remote Functionalisation of Alkenes

17:15 Nils Pellingner (Bonifazi Group)

Synthesis of Boron- and Nitrogen-Doped Helicenes

17:30 Tamara Dinhof (Pallitsch Group)

Synthesis of the Phosphonic Acid Analogues to Aminocarboxylic Acids

17:45 Sarah Kratzwald (Lichtenecker Group)

Synthesis of an Isotope-labelled Phospho-Tyrosine Building-Block for NMR Interaction Studies

18:00 Poster Award and Final Remarks

Symposium Reception
